

**REMARKS**

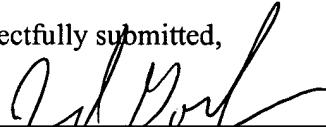

The Office Action has required restriction, under 35 U.S.C. § 121, to one of the following groups: Group I that includes claims 1-11 and 16-19 allegedly drawn to a method and system for creating labels for clusters of documents, classified in class 707, subclass 101; and Group II that includes claims 12-15 allegedly directed to a system for creating labels for a cluster comprising logic configured to rank topics, classified in class 707, subclass 5. The Office Action identified Groups I and II as subcombinations usable together in a single combination. The Office Action required election of a single Group.

Without acquiescing in the Examiner's restriction requirement, Applicants elect Group I without traverse.
